#### ***Program Summary***

This advocacy program is intended to enhance the participants' trial skills in a constructive and positive learning environment facilitated by experienced attorneys serving as faculty. The program will contain a mix of topical presentations on various aspects of trial practice, discussion workshops, and "learn-by-doing" workshops. The emphasis in the workshops will be on participant performance of various trial skills followed by constructive faculty critiques. Certain workshops will be video recorded. In these instances, each participant will also participate in a one-on-one review of his/her performance with a third faculty member. The program will conclude with a "trial," for which the participants will be paired in trial teams. This basic program is intended for attorneys with minimal trial experience. This course is applicable to either civil or criminal law attorneys.

This is a mobile training. NAGTRI provides a number of different training platforms for the benefit of Attorney General offices. In addition to providing national trainings and webinars, **NAGTRI also provides mobile trainings such as this one.** During a mobile training, NAGTRI brings in a national faculty to provide staff training. Topics of this training are determined by the Attorney General Office hosting the training.

#### ***Who Should Attend?***

Participants have already been selected for this program. Therefore, if you are not one of the selected participants, please do not attempt to register for the program.
